

# Support Group for Cancer Patients & Their Families

University Medical Center at Princeton is pleased to partner with Cancer Care of New Jersey to provide individuals with cancer the support, education, and empowerment they need to move along the path toward recovery.

Join us to discuss and learn more about:

- Coping with the emotional impact of cancer
- Communicating effectively with one's health care team
- Adjusting to life during and after treatment
- Maintaining relationships in one's personal and professional life
- Managing concerns about recurrence

This support group is facilitated by Lois Glasser, LCSW, Oncology Social Worker, Cancer Care of New Jersey.

Light refreshments will be served.

*University Medical Center at Princeton is a Clinical Research Affiliate of The Cancer Institute of New Jersey and an accredited oncology teaching program of the American College of Surgeons' Commission on Cancer.*
